Index to Volume 59 of MAYO CLINIC PROCEEDINGS

A

Abdominal operation: torsion of gallbladder, 490
Abscesses and thrombi, identification of, by imaging of ^{111}In-labeled blood cells, 49
Acidification with methenamine mandelate; effective urinary antiseptic in patients with neurogenic bladder, 523
Acidosis, D-lactic, and encephalopathy after jejunoileostomy; response to overfeeding and to fasting in humans, 141
Acute cystitis; prospective study of laboratory tests and duration of therapy, 391
Acute effects of glucose load on plasma apolipoproteins A-I, A-II, C-II, and C-III in normal and non-insulin-dependent diabetic men, 399
Acute lymphocytic leukemia, erythrophagocytic, with B-cell markers and with 20q− chromosome abnormality, 678
Acute nonlymphocytic leukemia, reinduction chemotherapy for, 618
Acute pancreatitis, surgical management of, 259
Adenomas: [^{75}Se]selenomethionine scanning for parathyroid localization should be abandoned, 534
Adolescents: female population, rubella susceptibility in, 31
  postoperative use of epidurally administered morphine in children and, 530
  pregnancy; combined obstetric and pediatric management approach, 311
Advanced breast cancer, integration of hormonal agents and chemotherapy for treatment of women with, 232
Aerococcus viridans endocarditis, 47
Agglutinins: pseudothrombocytopenia; laboratory artifact with potentially serious consequences, 123
Aggregation, platelet: primary hypercholesterolemia; effect of treatment on serum lipids, lipoprotein fractions, cholesterol absorption, sterol balance, and platelet aggregation, 251
Aging MMPI; development of contemporary norms, 377
Ahlquist DA, 766
Albumin, serum: sensitivity and specificity of nutrition-related variables in relationship to duration of hospital stay and rate of complications, 477
Alcoholism: in physicians, 12
  study of HLA antigens in, 243
Allograft rejection, role of Lewis antigen system in renal transplantation and, 423
Alveolar damage, diffuse, respiratory failure, and blood transfusion; editorial, 643
Alzheimer type dementia, 35
Amyloidosis: clinical significance of histopathologic patterns of cardiac, 547
  serial echocardiographic observations in patients with primary systemic; introduction to concept of early (asymptomatic) amyloid infiltration of heart, 589
Anaerobic infections, clindamycin versus chloramphenicol in treatment of; prospective, randomized, double-blind study, 842
Anal fistulas, use of Penrose drains to treat certain; primary operative seton, 613
Anderson CF, 206, 477, 663
Aneurysmal bone cyst, magnetic resonance imaging of, 633
Angina pectoris, prognostic value of resting electrocardiogram at time of initial diagnosis of; coronary heart disease in residents of Rochester, Minnesota, 247
Anhalt JP, 318
Ankle instability; current concepts, diagnosis, and treatment; symposium on sports medicine, 165
Anorectal abscess, tetanus after, 429
Antiarrhythmic drugs: high-energy versus low-energy defibrillation; experience in patients (excluding those in intensive care unit) at Mayo Clinic-affiliated hospitals, 829
Antibacterial prophylaxis during intermittent catheterization; editorial, 573
Antibiotics: clinical and therapeutic aspects of *Haemophilus influenzae* pericarditis in pediatric patients, 415
Antibodies, tests for platelet; immune thrombocytopenias, 860
Anticentromere antibody; disease specificity and clinical significance, 700
Antidepressants; clinical update for medical practitioners, 330
Antigens: bone marrow transplantation for diseases of childhood, 171
  immunocytochemical techniques for identifying leukemias, 185
Antimicrobial therapy: empiric therapy with moxalactam alone in patients with bacteremia, 318
Antivivisectionists, William Osler and Arthur Conan Doyle versus; some lessons from history for today; historical vignette, 189
Aortic insufficiency, surgical pathology of pure; study of 225 cases, 835
Aortic stenosis, surgical pathology of pure; study of 374 cases, 683
Aphakia: cataracts and cataract operations (second of two parts), 622
Arnaud CD, 864
Arnold PG, 21
Arterial and cardiopulmonary mechanoreceptors, role of, in regulation of arterial pressure during rest and exercise in conscious dogs, 467
Arterial contraction: cerebral vasospasm after subarachnoid hemorrhage, 498
Arthritis-dermatosis syndrome, bowel-associated; bowel bypass syndrome without bowel bypass, 43
Arthritis: lack of association of swine flu vaccine and rheumatoid, 816
  passive transfer to mice by injection of human anti-type II collagen antibody, 737
Arthroscopy in management of knee injuries in athlete, role of; symposium on sports medicine, 77
Ascher N, 776
Associations, disease; need for increased scrutiny of literature; editorial, 719
Asthma: formaldehyde exposure; case in point; editorial, 350
  lack of bronchoconstriction in 13 patients suspected of having formaldehyde-induced; bronchial challenge with formaldehyde gas, 295
Ataxias, D-lactic acidosis and selected cerebellar; editorial, 202
Athlete, current concepts in rehabilitation of injured; symposium on sports medicine, 83
Athletic injuries; symposium on sports medicine: current concepts in treatment of ligamentous instability of knee, 67
  editorial, 126
Atrophy of upper extremities, tendon transfer for segmental muscular; rehabilitative operation for motor neuron disease, 338
Autoantibodies to type II collagen; editorial, 791
Autopsy study of 965 normal hearts; incidence and size of patent foramen ovale during first 10 decades of life, 17

B

Bacteremia, empiric therapy with moxalactam alone in patients with, 318
Bacteria: *Aerococcus viridans* endocarditis, 47
Bands, continuous-wave Doppler determination of pressure gradient across pulmonary artery; hemodynamic correlation in 20 patients, 744
Banks PM, 95, 493
Bardsley WT, 604
Baron DW, 604
B-cell markers, erythrophagocytic acute lymphocytic leukemia with, and with 20q− chromosome abnormality, 678
Benign hypercalcemia, familial (familial hypocalciuric hypercalcemia): bone mineral density and skeletal fractures in, 811
  high-resolution parathyroid ultrasonography in, 153
  nature's solution to neonatal hyperparathyroidism? editorial, 864
Bernatz PE, 453
Berquist TH, 633
Bess MA, 259
Bicycle and handgrip exercise, cardiovascular hemodynamics of, in normal subjects before and after administration of propranolol, 604
Biliary pancreatitis: surgical management of acute pancreatitis, 259
Biopsy of temporal artery; editorial, 793
Bjornsson J, 3
Bladder, effective urinary antiseptic in patients with neurogenic; methenamine mandelate with acidification, 523
Blood: acute effects of glucose load on plasma apolipoproteins A-I, A-II, C-II, and C-III in normal and non-insulin-dependent diabetic men, 399
  anticentromere antibody; disease specificity and clinical significance, 700
  cells, identification of abscesses and thrombi by imaging of ^{111}In-labeled, 49
  cell survival test for in vivo blood compatibility testing, clinical evaluation of ^{51}Cr-labeled red, 25
  HemoQuant test for occult; Sherlock Holmes test? 766
  neutrophil function tests, 431
  study of HLA antigens in alcoholism, 243
  tests: pseudothrombocytopenia; laboratory artifact with potentially serious consequences, 123

Blood flow: noninvasive measurement of cardiac output by continuous-wave Doppler echocardiography; initial experience and review of literature, 484
Blood pressure: role of arterial and cardiopulmonary mechanoreceptors in regulation of arterial pressure during rest and exercise in conscious dogs, 467
Blood transfusion, diffuse alveolar damage, respiratory failure, and; editorial, 643
Bode WE, 429
Bone cyst, magnetic resonance imaging of aneurysmal, 633
Bone marrow: cells, progressive neurologic disorder with supranuclear vertical gaze paresis and distinctive, 404
transplantation for diseases of childhood, 171
Bone mineral density and skeletal fractures in familial benign hypercalcemia (hypocalciuric hypercalcemia), 811
BOOK REVIEWS (Titles and Reviewers)
Abrams Angiography—Stanson AW, 133
Acute Renal Failure—Anderson CF, 654
Acute Renal Failure—Kurtz SB, 362
Advances in Cardiac Valves—Puga FJ, 444
Aesthetic Breast Surgery—Woods JE, 363
Alcoholic Patient—Morse RM, 728
Alcoholism in Elderly—Hurt RD, 652
Ambulatory Pediatrics III—Burke EC, 648
Anatomy of Foot and Ankle—Kleinberg F, 289

BOOKS BY MAYO CLINIC AUTHORS

Atlas of Human Cross-Sectional Anatomy, by Donald R. Cahill and Matthew J. Orland (reviewed by S. C. Marks, Jr.), 518
Congenitally Corrected Transposition, by Tom G. Losekoot, Robert H. Anderson, Anton E. Becker, Gordon K. Danielson, and Benigno Soto (reviewed by J. R. Zuberbuhler), 287
Controversies in Neuro-urology, edited by David M. Barrett and Alan J. Wein (reviewed by J. R. Woodside), 442
Critical Problems in Pediatrics, by James F. Mellinger and Gunnar B. Stickler (reviewed by W. M. Michener), 210
Fundamentals of Neuropathology, by Haruo Okazaki (reviewed by P. E. Duffy), 215
Intensive Insulin Therapy, by David S. Schade, Julio V. Santiago, Jay S. Skyler, and Robert A. Rizza (reviewed by J. E. Gadine), 651
MMPI. Contemporary Normative Study, by Robert C. Colligan, David Osborne, Wendell M. Swenson, and Kenneth P. Offord (reviewed by J. Duker), 578
Nuclear Medicine: Quantitative Procedures, edited by Heinz W. Wahner (reviewed by R. D. Neumann), 365
Peripheral Neuropathy, by Peter James Dyck, P. K. Thomas, Edward H. Lambert, and Richard Bunge (reviewed by R. D. Adams), 579
Bowel-associated dermatosis-arthritis syndrome; bowel bypass syndrome without bowel bypass, 43
Bowyer BA, 343
Brain: dementia—Alzheimer type, 35
electroencephalographic abnormalities in interferon encephalopathy; preliminary report, 847
Breast cancer, integration of hormonal agents and chemotherapy for treatment of women with advanced, 232
Breast or lung cancer, meningeal carcinomatosis in patients with primary, 91
Brennan MD, 851
Briones ER, 251, 399
Broadbent JC, 268
Bronchial challenge with formaldehyde gas; lack of bronchoconstriction in 13 patients suspected of having formaldehyde-induced asthma, 295
Brown ML, 49, 604
Burritt MF, 477
Byer DE, 691

C

Calcium: bone mineral density and skeletal fractures in familial benign hypercalcemia (hypocalciuric hypercalcemia), 811
high-resolution parathyroid ultrasonography in familial benign hypercalcemia (familial hypocalciuric hypercalcemia), 153
[^{75}Se]selenomethionine scanning for parathyroid localization should be abandoned, 534
Callahan JA, 509, 589
Callahan MJ, 484
Callaway CW, 141, 202
Cancer: integration of hormonal agents and chemotherapy for treatment of women with advanced breast, 232
metastatic to thyroid; diagnostic problem, 856
roentgenographically occult lung; pathologic findings and frequency of multicentricity during a 10-year period, 453
second malignant lesions after therapy for Hodgkin's disease, 493
thyroid, at Mayo Clinic; editorial, 866
Carcinogenesis, mechanisms for initiation and promotion of; review and new concept, 107
Carcinoma: intraoperative and external beam irradiation with or without resection; Mayo pilot experience, 691
of thyroid, invasive Hürthle cell; natural history and management, 851
Carcinomatosis, meningeal, in patients with primary breast or lung cancer, 91
Carcinosarcoma of lung: Mayo Clinic experience and response to chemotherapy, 598
Cardiac output, noninvasive measurement of, by continuous-wave Doppler echocardiography; initial experience and review of literature, 484
Cardiac pacing at Mayo Clinic, two decades of (1961 through 1981), 268
Cardiology: high-energy versus low-energy defibrillation; experience in patients (excluding those in intensive care unit) at Mayo Clinic-affiliated hospitals, 829
mitral stenosis associated with valvular tophi, 509
platypnea-orthodeoxia; clinical profile, diagnostic workup, management, and report of seven cases, 221
serial echocardiographic observations in patients with primary systemic amyloidosis; introduction to concept of early (asymptomatic) amyloid infiltration of heart, 589
surgical pathology of pure aortic stenosis; study of 374 cases, 683
Cardiopulmonary and arterial mechanoreceptors, role of, in regulation of arterial pressure during rest and exercise in conscious dogs, 467
Cardiopulmonary function, gravity, posture, and; editorial, 280
Cardiovascular clinics: carotid sinus hypersensitivity and syncope, 637
hemorrhagic cardiac tamponade; clinicopathologic correlation, 785
reaffirming old commitment; editorial, 645
vasodilator therapy for primary pulmonary hypertension, 672
Cardiovascular hemodynamics of bicycle and handgrip exercise in normal subjects before and after administration of propranolol, 604
Carlson DM, 769
Carotid sinus hypersensitivity and syncope; cardiovascular clinics, 637
Cass JR, 165
Cataracts and cataract operations (first of two parts), 556
(second of two parts), 622
Catheterization, antibacterial prophylaxis during intermittent; editorial, 573
Cells: immunocytochemical techniques for identifying leukemias, 185
Center hemodialysis patients, results of treatment of, 669
Central nervous system: electroencephalographic abnormalities in interferon encephalopathy; preliminary report, 847
Cerebellar ataxias, D-lactic acidosis and selected; editorial, 202
Cerebral vasospasm after subarachnoid hemorrhage, 498
Charboneau JW, 118, 153
Chemicals and drugs, effects of, on fetus and newborn, 707, 755
Chemotherapy, reinduction, for acute nonlymphocytic leukemia, 618
Childhood, bone marrow transplantation for diseases of, 171
Children: adolescent pregnancy; combined obstetric and pediatric management approach, 311
and adolescents, postoperative use of epidurally administered morphine in, 530
Cholecystectomy: surgical management of acute pancreatitis, 259
torsion of gallbladder, 490
Chowdhury S, 49
Chromosome abnormality, erythrophagocytic acute lymphocytic leukemia with B-cell markers and with 20q−, 678
Chyatte D, 498
Cirrhosis: anticentromere antibody; disease specificity and clinical significance, 700
Clements IP, 604
Clindamycin versus chloramphenicol in treatment of anaerobic infections; prospective, randomized, double-blind study, 842
Clinical analysis, recent advancements for; steroid-receptor assays, editorial, 51
Clinical and therapeutic aspects of *Haemophilus influenzae* pericarditis in pediatric patients, 415
Clinical evaluation of ^{51}Cr-labeled red blood cell survival test for in vivo blood compatibility testing, 25
Clinical significance of histopathologic patterns of cardiac amyloidosis, 547
Cockerill FR III, 318
Cofield RH, 157
Colestipol: primary hypercholesterolemia; effect of treatment on serum lipids, lipoprotein fractions, cholesterol absorption, sterol balance, and platelet aggregation, 251
Collagen: antibody, passive transfer of arthritis to mice by injection of human anti-type II, 737
autoantibodies to type II; editorial, 791
Colligan RC, 377
Colon interposition, salvage of failed, in esophagus with free jejunal graft, 197
Colon-Otero G, 678
Colorectal polyps, treatment of small; population-based study of risk of subsequent carcinoma, 305
Comparison of plasma insulin profiles after subcutaneous administration of insulin by jet spray and conventional needle injection in patients with insulin-dependent diabetes mellitus, 751
Complications, sensitivity and specificity of nutrition-related variables in relationship to duration of hospital stay and rate of, 477
Connolly DC, 247, 268
Constrictive pericarditis associated with combined idiopathic retroperitoneal and mediastinal fibrosis, 300
Contemporary norms, development of; aging MMPI, 377
Continuous ambulatory peritoneal dialysis and home hemodialysis, four-year comparison of; preliminary report, 659
Continuous-wave Doppler determination of pressure gradient across pulmonary artery bands;

hemodynamic correlation in 20 patients, 744
Coronary heart disease in residents of Rochester, Minnesota: IV. Prognostic value of resting electrocardiogram at time of initial diagnosis of angina pectoris, 247
Coronary study: incidence and size of patent foramen ovale during first 10 decades of life; autopsy study of 965 normal hearts, 17
Cortese DA, 453
Corticosteroids: pseudothrombocytopenia; laboratory artifact with potentially serious consequences, 123
Cost effectiveness: antidepressants; clinical update for medical practitioners, 330
Crib death: sudden infant death syndrome; editorial, 352
Cross SA, 202
Cueto-Garcia L, 589
Culp CE, 429, 613
Current concepts in rehabilitation of injured athlete; symposium on sports medicine, 83
Current concepts in treatment of ligamentous instability of knee; symposium on sports medicine, 67
Currie PJ, 744
Cutaneous lymphoma: morphologic heterogeneity of malignant lymphomas developing in mycosis fungoides, 95
Cyclosporine, therapeutic drug monitoring of, 571
Cystadenoma of proximal common hepatic duct; use of abdominal ultrasonography and transhepatic cholangiography in diagnosis, 118
Cystitis, acute; prospective study of laboratory tests and duration of therapy, 391
Cyst, magnetic resonance imaging of aneurysmal bone, 633
Cytosol studies: pulmonary lymphangiomyomatosis; with particular reference to steroid-receptor assay studies and pathologic correlation, 3
